- A program focusing on exposing children to classroom routine and expectations and giving them the skills to be able to participate and learn in the classroom environment.
- The program is run by two qualified speech language pathologists, with programming input from an occupational therapist, physiotherapist and psychologist.
- The children will:
 - participate in a range of language, fine motor and gross motor activities
 - participate in group mealtimes – learning appropriate phrases and exposure to expectations for table manners
 - be exposed to the routine of a typical school day and learn the behaviour expectations required to be successful in the classroom environment
 - participate in both whole group and small group activities
 - learn in a safe and supportive environment, specifically catering for children with speech and language disorders

Please phone Emily on 07 3891 9111 for more information or to register your interest in attending this exciting program.
